REASON FOR INDIGNATION

Critiantly our sympathies are with news photograhear, in their pursuit of interesting pictures, but we feel
that the young mana from Newton, M., has every right to
a young man—should not be depicted of his dignity, and
there are times when it is almost impossible to achieve digulty. As such times pictures should not be support.

Some Chevrolet advantages worth considering when you're ready to choose a car ...

Next to a new house, a car is probably your most important purchase. Here are some facts to help

vou make up your mind about which make to buy.

Jan't it a great day — the day you take delivery af a new car? You drive home cautically and proudly, inhaling that wonderful new car swan Then you are cut in front, while your friends and nighbors gather round to talk over your choice with you.

Chay ir towns 41 Capture to the present taste. Because we think Chevrolet is the best-looking car in its field, doesn't necessarily mean you'll think ad, too. But we can full you that the majority of our aboverous visitors prefer Chevrolet styling and compare its appearance most favorably with care corting a great deal more.

Many of Canada's highest-priced cars feat Body by Fisher, Because of quantity purchases materials and greater production, Fisher can— does—build extra quality into the Chevrolet be and interiors.

When you drive a new Cherrolet (and we hope you'll do that soon); you'll notice these things: faster acceleration from a standing start; greater passing ability in traffic and on the highway; the new case with which you climb steep hills.

These are just some of the breefits of Chevrolet's new high-compression power. In gearchift media, there is an entirely new 108-hp, "Thift's King" en-gine with a 71. to 1 compression ratio. Tenned with the new Powerpide automatic transmission three is also an entirely new 116-hp. "Blue Flame" engine with an extra high compression ratio of 7.5 to 1.

CHARGE ECUSION Along with remarkable new performance, Cher-rolet's advanced edgines give you far greater gran-line mileage. In fact, this year marks the ma-inoperionst pain in occomony in Cherrolet history. And that includes substantial savings on ever-all upheep, as well as on gasdoline.

New Getaway in the New Powerglide*

the newest and most advanced one. The new Powerglide automatically drops into "Low" range for starting and for passing in city trainer. Then, as you glide along, it slips smoothly and almost imperceptibly into crutising range. The results are much faster and more positive acceleration, and much lower feel consumption.

One of the things we're particularly anxious for you to try out is the performance and driving ease of this new Powerglids.

The First Power Steering in a Low-Priced Car

In a Low-Friced Car Chervolet diver, you the axtra ease and convenience of Power Steering, optional at extra cost. With it, you can spin the wheel with the atrenth of one finger. Safer Ride

Comfort's a hig consideration to almost every buyer. And almost every car claims to be exceptionally
comfortable. Well, here are some facts bearing on
comfort that you can judge for yourself.

To begin with, Chevrolet has ample weight to give a good, road-burging ride. It isn't just weight that's been added indiscriminately, it's weight state comes from Chevrolet's extra strength, weight that means extra protection and safety because it's been utilized in strengthening body and frame.

Then, Chevrolet is the lowest priced car with initized Ence-Action. That means that the entire cont suspension system is assembled and balanced a a separate unit. Only Chevrolet takes this extra

Chevrolet Is the Lowest-Priced Fine Car Line Certainly, price is one of the most important fac-tors of all. We're gizd to be able to tall you that Chevrolet is the lowest-priced line in its field. In fact, it is Canada's lowest-priced full-size car.

Now, you might well ask, "How can Chevrolet offer me more and still cost less?" There is a simple, logical answer to that.

simple, logical answer to that.

Rammher that Chevrolet builds mere cars than any other manufacturer. Chevrolet, along with General Molors, has greater facilities for research, for engineering and production. So, inn't it reasonable that these greater facilities bring manufacturing advantages and economies which Chevrolet can pass on to you in terms of higher quality at lower prior?

An Endorsement Given No Other Car

Again this year, more prople are buying Chev lets than any other car. Obviously that would be true unless people liked Chevrolet better. Unl Chevrolet offered more things people want—so

The insurance policies we write enable people to forget fear of losses by fire, windstorm, burglary, theft, holdup, personal accidents, and damage suits for accidental injuries to people or property

We banish

We bring a definite factor of safety and security to life in this community. A lot of folk here will tell you we've added to the serenity of their lives We're fear fighters.

LORNE McDOUGALL Insurance Agencies Ltd.

Young men - trained to rezor sharp idition -- complete masters of their weapons - form the hard-hitting Infantry backbone of our Canadian Army. Their job is Canada's safety!

In the Army today, there is a need for more ng men to start Infantry training immediately.

The life is interesting and rewarding. Men with ambition and intelligence can look for rapid promotion all the way up the line-

faster promotion than in almost any other career. The conditions of service - the medical and dental care - the food and clothing - the pay and long term pension plans make the Army a career that is really worthwhile.

You are eligible if you are 17 to 40 years of age and able to meet Army test requirements, Applicants should bring birth to meet Army test requirements, Applicante should brin certificates or other proof of age unben reporting for inte

In Senior 'B' Hockey Group

Belloville will be represented in the Ontario Hockey sociation Scalor "B" Group this season. The city filed its entry at a special meeting of group presentatives held in Peterboruph last sight under the avenerably of OHA executive member Lorse Cook, of

Ringston.

Five teams formally filed entries. These includes
Belleville, Peterbetough, Edugation, Orillia and OshawaStoutfulle was represented but deferred entry in the group
pending acceptance of their entry in a Teronic grouping.
This will be decided at a meeting of the OHA being half

tight.

If Sloutiville enters the eastern group, the Isagus will operated in two sections like last season.

The meeting carried a motion by a 3-2 vote to have two ferres in charge of the game instead of a referea and seasons. Kingsion, Belleville and Orillia voted for the two-referee system.

The schedule is a heavy one. It was decided to hold a ferty-game affair which should give all teams entered

THOMPSON FUNERAL CHAPEL BELLEVILLE'S ONLY FUNERAL CHAPEL WITH ALL THE APPOINTMENTS.

Centrally located out of the business and congested area, our chapel with its pews, Hammond selectic organ and complete air-conditioning makes as ideal place to conduct a funeral. Our service leaves nothing to be desired and our cost for a complete funeral is very moderate.

i four teams quantrying too use pro-A form-instruction "sudfers steadly overtime period will again a in versus during the steams, in an effort to cut their games a minimum. This popular feature has preven to be a effinite success in eliminating desdicated contests. Last eases in 232 spanses played, there were only 8 ties, or just me in every 32 games played.

Next week two heavyweight fighters will square off in ten-round contest for the heavyweight title. In one corner will be the rough, lough slugging champ, Rock Marcia. In the other-corner there will be the challenger, Rolan

Three and a half years are La Starza and Marciane 4. Eacky wen that match but there were many experte the felt that La Starz should have had the decision. What happened io these two beys since than?

But it's bound to be a good fight — a slugger against a ser — a tiger against a cool, confident opponent.

If La Starms can take 'The Rock, he'll be a new kind of champien and one about whom you'll want to know. Se grah yourself a copy of this week's issue of 'The Saturday Syesting Pest and read "Ric's Mad at the Champ."

Bohind the familiar wall switch lies the far-sighted planning and ingenuity of Canada's electrical industry that provides the low-cost power and efficient equipment which is helping to raise our standard of living.

When you want light in a room, you just flick a switch. It's as simple as that. And, if that minor miracle is taken for granted, consider a few of the other tasks electricity performs in the home.

It cooks complete meals while you are out-takes the labour out of cleaning, polishing, washing and ironing-keeps perishable foods in perfect condition, for months if nece supplies constant hot water-brings you radio and television supplies constant not water—imag you ratio and reterision entertainment—and helps to keep your bome cosily warm in winter and delightfully cod in summer. This is fast becoming the pattern of living in even remote Canadian homes today.

While the role played by electricity in the home naturally looms large with all of us, it should always be remembered that by far she la-

power generated is used by industry. In fact, it is primarily because of the availability of this dependable source of power that Canada has been able to develop her aluminum,

pulp and paper, mining and manufacturing industries to their present position-which indirectly, adds to the prosperity of all

When you flip that familiar switch on the wall, have you ever given a thought to the amazingly intricate system of power equipment that lies behind it?

From the start, the story of Canada's electric utilities has been one of phenomenal increases in demand for power being constantly met, with the result that Canada has become one of the most highly electrified nations in the world. And, as always with this enlightened industry, tomorrow's needs are being taken care of by today's planning.

This Company engineers, manufactures and supplies a complete line of electrical equipment including generators, transformers, switchgear, wire and cable for the generation, transmission and distribution of electric power-as well as the motors and control, electronic devices, appliances, lamps and other products that put it to work.

We, of Canadian General Electric, take pride in the fact that electric power has become the pulse of the Canadian way of

What should you expect from a **Hospital Plan?**

A HOSPITAL PLAN SHOULD WORK BEST WHEN

You should not have to go through a lot of red taps when you your dependants are hospitalized. There should be no cash por sents to make—your certificate should inmediately satability not cradit in the hospitals of Canada and U.S.A. The hospitals shown deal directly with the Plan, thus avoiding time-consuming dal-forms for both you and your employer.

YOUR DEPENDANTS SHOULD GET THE SAME BENEFITS AS YOU

On the average, dependent wives and children require twice as much hospital care as the married employee. A good hospital plan will cover their bills as fully as it would yours, thus giving you the maximum protection where you need it most.

THE FULL DAILY BED RATE SHOULD BE

There should be no limit to the amount allowed for daily bed rate. The full standard word or semi-private accommodation should be covered and this coverage should keep obserts of rising haspital costs. Wherever possible extra treatment services should be pro-vided without limit as to cost.

YOUR PROTECTION SHOULD GROW WITH -PARTICIPATION

COVERAGE SHOULD NOT CEASE WITH CHANGE OF EMPLOYMENT OR RETIREMENT

Hospital protection should not be temporary—once enrolled, should be always enrolled. There should be no arbitrary cancellation of your protection due to change of employment, or the protection of your dependants upon your decease.

SHOULD BE GOOD WHEREVER YOU GO.

Again, a good hospital plan will provide benefits for care received

has all these desirable features and is the answer for

EXECUTORS AND TRUSTEES FOR OVER HALF A CENTURY

Administering your estate and looking after your family's financial needs is too great a responsibility to entrust to an individual, however copable be may be. Procompled with his own business and noted affairs be may apply himself to the affairs of your cotate only in his spars time—an occasional needs—of or erroring.

The task of settling accounts, paying taxes and accounts duties, managing investments, and collecting revenue cannot be done properly at odd times. These matters require close stitutions and prompt actions. Neglect and delay could be costly for your beirs.

It is both wise and economical to employ an experienced full ime corporate executor. Protect your family's future security by appointing The Royal Trust Company in your will. Ask for our booklet:

record of public services in this community, is undertaking a new project this year that merits general public support for many reasons.
First and foremost is the fact that the club's "World Travel and Adventure Series," starting in October, is first class scientifications of an antere unique in this are club; and the club's "World Travel and Adventures Series," starting in October, is first class scientifications of a starting tenungal that the club's "World Travel and Adventures Series," and the property of stifung five continents wis motion pictures. The photographers who actually did the filming will narrate the pictures providing an on-the-spot authenticity that can be obtained in no other way.

Included in the series are picture-narrations of "Bafrati ha Aries," "World Couldress," "Chanada from Ringans to Restormolated." "Stifune Journey," "Chanada from Ringans to Newtonidada", "Spirits Journey," "Chanada from Ringans to Newtonidada, "Spirits Journey," "Chanada from Ringans Adventures, "Spirits Journey," "Chanada from Ringans Ringa

cancies.

In bringing a series of such quality and general appeal to this city, the Kiwanis Club can be justifiably proud that it is rendering a service to Belleville and its surrounding district on a par with its past performances.

A PRIVATE TRAGEDY

CHIPS OFF THE SPORTS BLOCK By GEO. H. CARVER, Sports Editor

It looks as though the protest allegedly entered by the Tor-to Ossingtons after their defeat by the Gien Roy junior ampions the other night may be so much hot air.

hampions the older night may be so much not as:

"The Outside Ansatzer Stellard Reschilden scerviary,
Frank France, Grenogh his local coursers Post Res. amounts
of early fedget state no protein had, been received up to 13

"dicks kneen. B somes the OARA railler is that protein amoughned by recent-free banks must be submitted to the
OARA sceniery before feety-eight heurs have elapsed felierring the Incident

From where this observer sat during the game and that was tractly behind the backstop, we full to see or even compre-end any grounds on which the Osstardone could look a pro-sit unless it was on the base umplot's cull on a close play at soond bass. And the Osfia, like any other well conducted egainstation, backs up its difficults to the point.

F and when that each is the lated armonic means of the point.

If and when that each is the six lated armonic, the client Reys have plenty of opportunity to counter-protect, and when me any pulling any pushes on the accreve cell at his pain, when limited the accreve cell at his pain, when limited he have process of for "har contract the counter part of the painting was of the latest book." The box lines had been obligated found that the counterpart of the counterpa

So we win a half dozen Eastern Ontario champtomhips and what happens?

The squawks start. The blasts are on.

The Beyon Rold Regents pelsed for the important Or-tarie Baseball Resceintion junier "A" championship seri-with the Hamilton Crawfords have been given the metr-oid run-avound by both the Hamilton efficials and those the Ontario Baseball Association.

The telephone wires sixuled as Mr. Reid endeavoured to make some playing order out of chaoe and he finally bow-ed to the OBA mogula after being promised a square deal-that the Eugenie play in Hamilton temorrow afternoon.

Rold beyond to the inevitable, then at a late bear lar alght, perhaps it was the ORA connectance that got under way Rold was notified the whole series was off until the situa-tion was discussed by the ORA executive.

The Hamilton agrawk was that they had no money an ere drilled to extra exposes for "time-off". The union operantly work in the Ambitious City on Sunday, Incident ly the Hamilton Tiger Cats play the Argonauts in Terent operators afternoon.

It can be feld new. The Regents management offered is play a "week-end" game here but again the Ambitions City margin yelpod. Just what will happen new is up to the OBA and we will probably have that information temerrew.

While there is a more than strong possibility that junior "B" hockey will not be played in this city next season some 400 kiddles of the lewer brackets should not give up hope.

For the past few season the Believille Hockey Associati s, besides its junior activities, looked after, with the grass aid of sponsors, the moppets from possesse to juvenile.

Let's get this straight. For some few weeks past there has been russers, since Bill Cook and Dick Bears announced their retirement from active junior "B" activities, that the lower brackets would also go into the disears.

From a meeting held in Cook's Warehouse last night, so-called "rumors" are far from the truth.

In fact a special meeting (as been called for September 28 to discuss matters: A new organization will be formed and named the Belleville Minor Hockey Association, which will embrace all moppet activities. More about this later.

The Ox Pointers from Peint Anne ran into a tough, old mag-gie in Toronto last nghit when they were dunked by the Oak-ridge Legionaires by as 8-6 zeros: That desem's sound right, especially when they nicked the Ox Point see Bobby Hunter, for 13 clouds.

Mike Whalen's crew are not in an amiable mood and that said spell trouble for the Toronte crew. The game gets for way at five o'clock tomorrow evening on the Ox Foint mend. It should be a dility-thrilly.

As a result amount conserva-da a result of the activities of the Hockey Association and the denated monies, two filtings were accomplished generally regarded as being of absolute mecanity to a city of this size. These are approximately, 215 youngsters were kept usefully employed in playing bookey from powers to juvenile, and the city had representation by a first-class backey fount hat wen; lot her pervincial semi-finish."

The arena commission, President Yanover estimated, de-red a revenue of some \$5,000 from gates of regular and

where the control and the relations between the commis-sions and the association have always been and always will be of a very certila nature. He recognised the job lepting does by the commission and believed, he said, the oc-peration that exists between the two bedies springs from the fact that at the start of the year that realities of the silmatine were food by reasonable med.

"I wish to make it definitely clear," the president con-citeded, "that there is nothing in this letter in any sense critical of the commission. We of the association are of the strong belief that the commission does a very spien-did job in exercising its responsibilities."

Members of the Arena Commission include Mayor Mo-can Haig, Alyderman Bruce Smith, chairman, and Aldermen harles Hyde, Claude D. Tice and Don McNevin.

Alderman Bruce Smith, recently named manager of the city-appearored senier "B" hecker cits, amounced to-day that he had held a meeting with players and had come to a full and satisfactory arrangement with them. The necessary amount of imperied players sell be brought in, he gaid. Fractice will start as soon as too is available.

Apart from the mechanics of buying and selling, many people are interested in what determines the level of bond prices. Basically, it is just a matter of supply and demand . . . but there are elements of value which have a bearing. For instance . . . quality, coupon rate, term of investment and the general level of interest rates. The elements of value become

Roadmaster ... Super... Custom.

3 Great BUICKS... and even the Price is a Pleasure

The Roadmaster

The lordly Roadmaster, with a brilliant new 188-h.p. V-8 Fireball engine. Senas-tional Twin-Turbine Dynasiow Drive is standard on Roadmaster. Bulck Power Steering, standard on Roadmaster, is optional at extra cost on other series: Buick Power Brakes are extra-cost

The Super

You'll find Buick Super power outstand-ing—more spirited, more thrilling, thanks to Buick's great new V-8 Fireball engine Its ride is outstanding, too-level and teady and lullaby soft. This handsome Buick brings you quality that far over-steps the usual confines of the mediumsteps the usual continue of the price field. Visit your dealer—today!

The Custom

the price of this beauty! You get the highest horsepower ever engineered into the Custom series! You get big-car comfort and roominess! You get the sweet handling of the Million Dollar Ride. All this for only a few dollars more than many cars in the "low-price" field!

BALANCES OUR BUDGET"

Even a well-planned budget needs a helping hand at times. And if you could use some ready cash right now the place to go is Trans Canada Credit. Here you can borrow from \$50 to \$2500 and life insurance on your loan up to \$1500 is arranged at no additional cost to you. Rates are moderate, no endorsers are required and you can take up to two years to repay. You'll like the helpful, considerate service that is yours at Trans Canada Credit—the all-Canadian loan. company. If you need cash, phone for an interview without delay.

How long since you checked your will?

We assume you have not overlooked this important safeguard for the happiness of your family. Are the provisions the same as you would make today? You should read your Will and consult your lawyer if changes seem in order.

Consider carefully the executor you have named in your Will-are you absolutely sure he will be able to fulfill his obligation? There are many reasons why an individual is unable to do this-he may become ill, be absent or he might die be-fore completing his duties.

It costs no more to have this company administer your estate. One of our Trust Officers will be glad to discuss your estate plans with you.

The delivered price of the Austin A-40 Somerset is an honest price. That low figure buys you a complete new car. There are no extras to buy.

- The quoted price includes such features (usually priced extra) as foam-rubber cushioning, weardefying, soil-resisting genuine leather upholstery and an airconditioning heater that will give you living-room warmth all winter. It also includes directional signals, non-stall electric windshield wipers, plus a powerful 12-volt electrical system.

But that's only half the story.

The other half is the satisfying, able way your Austin performsat savings as high as 50¢ on each operating dollar.

Try an Austin on the road. You can see through that wide, nothingin-your-way windshield. You can match traffic at its toughest-and cruise smoothly at highway speeds in day-long comfort. Maybe you should cut this ribbon!

Of course, when a new bridge or highway is com-pleted, it's traditional for some prominent citizen or government official to cut the ribbon in the opening ceremoy. And yet . . .

Often this honour might be awarded with good reason to any one of the nation's life insurance policybolders.

Why should they deserve this distinction? Because it is their premium money, part of which is invested for them by life insurance companies, which makes it possible to build many such useful public works. Not only roads and bridges, but electrical power stations, waterworks, stores, homes, office buildings and industrial plants are built with the belp of life insurance dollars.

So here's to the life insurance policyholders!
While they provide financial security for their
families and themselves, they also help to make
Canada a better land to live in!

AT. YOUR SERVICE! A Trained life underwriter — representing one of the more than SO Canadian, British and United States life insurance companies In Canadia— will glodly help you plan for your family's security and your own needs in later years. Rely on him!

You may never meet her. But you have talked to her, heard that friendly "voice with a smile".

She is always there, at your service, like the telephone itself, ready to save you time and trouble. If you ever need help in an emergency, you know she will meet that challenge, too.

Like all Bell people, she brings to her work an understanding of how important the telephone has become in our daily lives.

Pat Marsole situs; a five-lakter at the Toronto Oakridge team in Cobourg yesterday afternoon to fashlon a 6-2 victory and give Paint Anne the Southern Ontario semi-finale series by a 3-1 margin. The game was one of the better ones with the Oakridgers grabbing one-run lead in the first and holding the Ox Foisiers sourcless until the stable when they exploded for three rens to just the game in the bag.

Convener Don Lee announced today that the Pointers will play either Hamilton or Welkerton sway on Tunerday afternoon with the second game scheduled for the Point on Saturday at 2.20. That should give the lads a chance to see the World Series game.

Hamilton and Walkerton each have wen a game with third tied two-sil. The teams need joulph! in the fourth to. The winners of the Hamilton-Walkerton-Felni Anne ries meet the northern champions for the all-Oniarie la-mediate "A championship."
